The Governor of Alaska is the chief executive officer of the Executive Branch of Alaska state government. The Governor is responsible for over \$70 billion in net assets; approximately 20,000 employees; the safety, health and opportunity for 710,000 people; and, management of the land, water, air and natural resources of the largest state in the union, all in the interest of the people of Alaska.

Accomplishments

- o Created, passed, and implemented Alaska Performance Scholarships and the sustainable funding mechanism (endowment totaling \$400 million) to create more higher education opportunity for the APS and need-based grants;
- o Obtaining legislative approval to pay down the pension liability by \$3 billion and restructuring the payment obligation
- o Operationally integrated state agency work achieving significantly better departmental coordination, communications and efficiencies
