	Deborah Mole, Library		Vacant, CAS/SOE

Annual Academic Assessment Survey Report

University of Alaska Anchorage - Institutional Report

Academic Year
2019

UAA's academic programs conduct continuous assessment of their programs, with the ultimate goal of providing evidence-based information that contributes to program improvement processes. Assessment coordinators for each program complete the Annual Academic Assessment Survey, which enables UAA to highlight student achievement of program student learning outcomes and to recognize faculty efforts toward improving their programs. This report shows the results as of July 2019 of the 2019 survey. All 123 active programs completed the survey. Suspended programs are not included in this report. For the purposes of this report, "program" may refer to a group of certificates and degrees which are assessed together and which submit only one report.

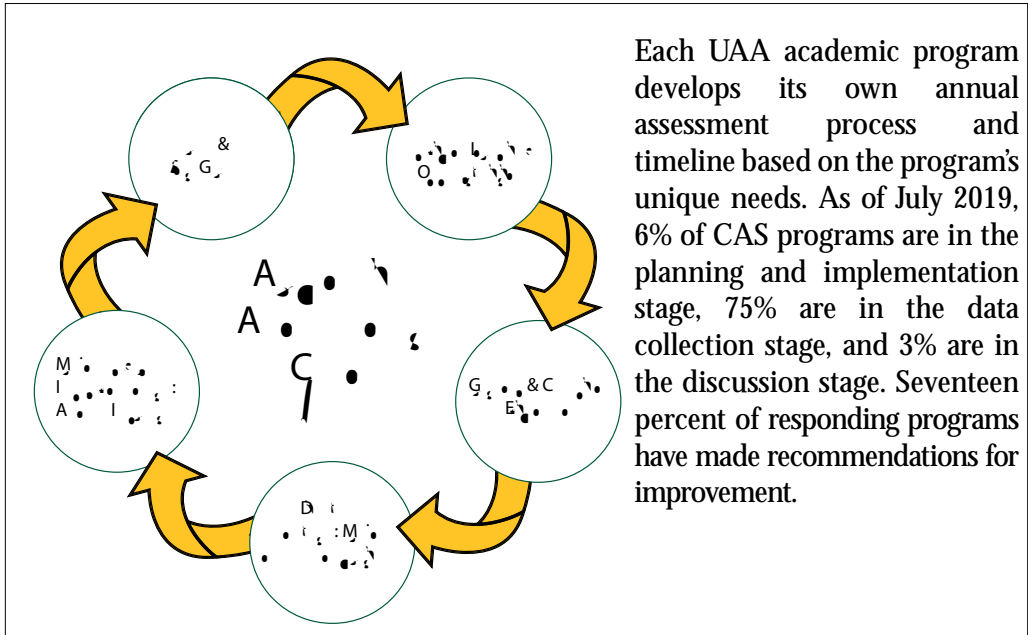

UAA's academic programs conduct continuous assessment of their programs, with the ultimate goal of providing evidence-based information that contributes to program improvement processes. Assessment coordinators for each program complete the Annual Academic Assessment Survey, which enables UAA to highlight student achievement of program student learning outcomes and to recognize faculty efforts toward improving their programs. This report shows the results as of July 2019 of the 2019 survey for the College of Arts and Sciences (CAS). All 36 active CAS programs completed the survey.
