BOR Chapter 10.06 - Academic Program Review

Academic Program Review at UAA

Academic Program Review at UAA aligns with NWCCU institutional accreditation standards, which emphasize planning, assessing effectiveness, and making improvements to the institution and its programs and services. The process complies with University Regulation 10.06.010.B. and examines: mission and alignment; centrality of mission and supporting role; coordination across campuses; program demand, efficiency, and productivity; and program quality and improvement. The UAA process includes review at the level of the faculty, individual deans/directors, and the deans/directors as a group. The deans/directors confirm the findings and recommend a smaller subset of programs for extended review. Extended reviews are completed by the end of the academic year and include specific recommendations to the Provost.
