After reading the Dear Secretary, I am writing to you, the dear Sir, regarding the proposed changes to the National Health Service. I have been thinking about this for some time, and I believe that the current system is not working well. I am writing to you to express my concerns and to suggest some possible solutions. I hope that you will take my views into consideration and that you will be able to make some changes to the system. I am sure that you will do your best to improve the service for all of us.
